

Outdoor Classroom Project Plan: Materials List & Budget for **LARGE INFORMATIONAL KIOSK**

The large Informational Kiosk is free standing and designed to provide a display area that is approximately 27” x 33” (inside measurements).

A large **Information Kiosk** can be used in many ways including:

- ❖ **Welcome Center** – at the entrance to your outdoor classroom site with an Outdoor Classroom Site Map and/or other information you want to share with students, teachers and visitors such as “What’s Growing on in the OC...”
- ❖ **Classwork Display** – where students can display their art work, photographs, poems or research on specific topics related to the learning stations throughout the year.

❖ **Location Requirements:**

- Place in close proximity to the entrance of the outdoor classroom.
- The legs needed to be set in the ground at a minimum depth of 2 feet for stability, so you will need to confirm that there are no utility lines found in the area where you plan to dig.

❖ **Photos of a Completed Kiosk:**

OC Project Plan: Large Information Kiosk Materials List & Budget

- ❖ **Estimated Cost: \$385**
- ❖ **Materials & Supplies with Estimated Budget:**

Large Information Kiosk				
(2.5' x 4'): This wooden information board has a 2 ½ x 3' box with an acrylic glass window, so that teachers/students can post "What's Growing On..." each month.
