

# Welcome to our Row Crops Garden

Farmland covers about 25% or  $\frac{1}{4}$  of the state of Alabama. Cotton is our largest row crop and is grown in 59 of Alabama's 67 counties. Half of the peanuts produced in the U.S. are grown in south Alabama.

Our farmers also grow corn, wheat, and soybeans.

Scan this QR Code to learn more about row crops.

Enjoy nature's beauty!

Protect it from litter and vandalism!
