

Nature on Wheels Scholarship Application

The Alabama Nature Center is excited to offer need-based scholarships to your students thanks to the generous support of our donors and the Alabama Outdoor Education United Appeal Fund. Let Nature on Wheels visit your school or other location, be a part of your in-school field trip, or set up an interactive display at your event. Our scholarships have differing criteria specified by our donors; all applicant requests are considered, but all are not able to be funded. Our scholarships provide 100% of the program cost and are available for students in pre-K through 12th grade.
