

Alabama Nature Center School Outreach Scholarship Application

The Alabama Nature Center is excited to offer need-based scholarships to your students thanks to the generous support of our donors and the Alabama Outdoor Education United Appeal Fund. Scholarship funds are available for students in pre-K through 12th grade to participate in hands-on, outdoor, conservation education field trips at our Alabama Nature Center in Millbrook, Alabama. Our scholarships have differing criteria specified by our donors; all applicant requests are considered, but all are not able to be funded.

Our field trip scholarships are offered exclusively to schools that have not previously participated in an Alabama Nature Center field trip.
