

Name of School Habitat Lab

The purpose of our Habitat Learning Lab is...

- to provide habitat (a home) for local wildlife;
- to provide real-world learning opportunities that integrate math, reading, writing, science, social studies, and art skills;
- to enhance our students' learning experiences with hands-on inquiry-based activities about Alabama's native plants, wildlife, and ecosystems; and
- to provide a safe, peaceful retreat where our students and faculty can reflect and relax.

Please help us take care of our Habitat Lab!

- ✓ Students should Always be Accompanied by an Adult
- ✓ Do Not Remove Wildlife, Plants, Flowers, or Rocks
- ✓ Do Not Feed Wildlife including the Fish
- ✓ No Food/Drink without Permission
- ✓ Do Not Litter
- ✓ No Pets

*Take Nothing but Pictures,
Kill Nothing but Time, and
Leave Nothing but Footprints.*

We hope you enjoy your time in our Habitat Lab! Please help us keep it free from litter and vandalism.
